

**BUFFALO IRON COMPANY**

MANUFACTURERS OF

**CHARCOAL PIG IRON**

Borden Printing Co. Nashville

Nashville, Tenn. Oct: 28, 1898

To the President,

William McKenna, of Attalla, Alabama, has been in the employ of this Company, as Manager and Book-keeper, <sup>at Attala,</sup> since its organization. I state, with confident personal knowledge, that he is <sup>a</sup> man of perfect integrity of character, critically correct in all of his dealings and entries and eminently fitted for any employment demanding correctness of accounts and care. The Company is not now operating the furnace at Attalla - otherwise it would not willingly part with his services. I commend him in every way.

With great respect,

Robert Ewing  
President
