Dear Sweet Mattie

I write this evening to tell you the good news of Susie's safe delivery last night at fifteen to ten o'clock of a fine baby boy which weighed 9 $\frac{1}{4}$ lbs. She had been suffering since Sunday night, but the hard labor pains only lasted an hour when she was delivered. The baby is truly a very fine boy every thing perfect about it - cries very strong & loud but does not cry often, hope its a good baby, its hair what little he has is very dark I cant tell who it favors more the color of its eyes. Tell my sweet Aileen she has a sweet little boy come in, Kate has just left - had Brauner with her he kissed me for Aileen & you, Kate said she felt so lonesome after you left - said she was so sorry she did not see you again but the children were too sick for ~~her~~ to leave them. Many kisses for you all, I write in haste to get in today's tonight's mail. Will write again soon, Tell me how you feel darling
With great love Your Mother
